- h. Sidewalk crosswalk – At the previous meeting Board member Dora Logan had mentioned there is a safety a concern that there is no crosswalk between Don Cherry’s and St. James United Church. Lis McWalter brought this forward again and the Board agreed that while this is not a undertaking that the DBA can take on, it is something that we need to bring forward as a concern. Susan will draft a letter to Council asking if they could they investigate putting in either a four way stop or a pedestrian crosswalk.
- i. Downtown Signage – Dora would like a sign saying Business Section on Seguin Street when approaching James Street in both directions. The waterfront committee is looking at signage for the downtown and Lis will address this at the next waterfront committee meeting.
- j. Taxi Stand – Dora brought forward a suggestion that the taxis moved to the Bobby Orr Community Centre. The Board considers that there are many pros and cons to the location of the taxis. No action will be taken at this time.
